PRESENTING LIBBEY'S 1974-1975 YEAR...

This year, we, the Edelian staff of 1975 wish to dedicate this book to Libbey High School. A school is only as good or bad as the people within it. Libbey is one of the best schools in Toledo. This is one of the reasons why we chose to relate our pictures and topics to the people of Libbey High School, as well as the cowboy, which symbolizes school spirit. The student and faculty members make Libbey for what it is today, in our eyes as well as that of the community. Like the cowboy, we are spirited, forever searching for new ideas and concepts. This year is more outstanding than the rest, because the people of Libbey High School have shown an interest and enthusiasm in their school, and towards their fellow man. To you, the students and faculty the people of Libbey we dedicate this book.

The year of the cowboy

This year, a number of significant events have occurred here at Libbey. This section of the Edelian is going to deal with the series of important events that have taken place this year. Construction was undertaken for a new skills center that was made possible through a levy that was successfully passed in 1973.

When completed, the skills center will benefit many students, particularly those who are job or business oriented.

Everybody gets into the act during the groundbreaking ceremonies.

LIBBEY GETS A NEW SKILLS CENTER

The new skills center under construction.

Mr. Dew, Mr. Robertson, Mr. Dennis, and Mr. Normont listen intently to the groundbreaking speeches.

OUR FAVORITE FACULTY PICTURES

Here a few of our favorite photos, dug out of our old dusty files, showing the members of the faculty, "doing their thing." Rather than risk a suit against the EDELIAN, we had to leave some of the pictures out. As one of the highlights of the year 1974-75 we felt that we just HAD to include a bit of news from every section. The news from the Faculty Section, here and further on, are these 'priceless' faculty pictures. (Oh yes, we are blackmailing anyone whose pictures we still have in our files — we need the money very badly.) The Staff

"I bet that you didn't think that I could do this!"

"Hang in there, baby!"

DOCUMENTARY: SHOULD CRAZY, DIFFERENT, (OR "CHILDISH?") PROMOTIONAL CAMPAIGNS BE ALLOWED IN LIBBEY?

Should crazy, wild and chaotic promotional campaigns be carried out at Libbey High School? It seems to me that Libbey has such apathy that a little excitement in the form of promotion of various projects certainly cannot hurt. This year, the EDELIAN attempted to make the selling of the yearbooks a little more exciting than the usual, "Buy a yearbook, it costs . . . blah, blah . . ." We tried everything from stickers that said "Grin" on them, to inventing a mascot-Super-Kiweet, who was a cross between a parakeet and a kiwi. Corny yes, but we tried everything to get the school active. For this, we were condemned because our campaigns were "an insult to our intelligence." When the world loses its sense of humor, then we are all in a lot of trouble. Look on T.V.; read the newspapers and you will find hundreds of advertising campaigns that sound "childish" but appeal to adults! The EDELIAN should not be the only group to try various forms of promotion. Clubs, if you need to raise funds, or collect memberships, use some appeal and imagination. If EVERYONE would pitch in, school, and activities would be a little more enjoyable

The "Grin" sticker that distributed throughout Libbey

Super Kiweet" the jaded hero of the Edelian morning announcements

Should crazy, wild, and chaotic promotional campaigns be carried out at Libbey High School? I feel that although it is good to generate school spirit, it shouldn't be done by listening to a bird dying of over-indulgence at a party. Let's be realistic. We are not pre-school or elementary children. We are young adults who are going out into the world in only a few short years. The majority of us are normal, intelligent people, who can definitely get the message of any topic that may appear in the different media at Libbey. I'm sure that if "different promotional campaigns" were needed, then the persons responsible could certainly write an imaginative, yet appealing campaign for persons of our intelligence and age levels. I feel insulted, because to me, these ads are telling me their message in a "kiddy" tone, much like you would see on "Sesame Street" or "Romper Room." I am not saying that promotion should go back to the drab, dull, everyday items that you hear constantly, but these promotional campaigns should be tuned more to the needs of high school students and not to children. Therefore, I feel that advertising is great to get the message across, but when not treated properly, it gets the wrong meaning across.

WE RECOGNIZE THOSE WHO HAVE DONE AN OUT- STANDING JOB.

When Coach Smilo came to Libbey, he never believed his job would be this difficult. While coaching in Bryan, Smilo never had been accustomed to being a loser. He accepted the coaching job at Libbey three years ago and after the first year he knew what to expect. So he started rebuilding and trying to come up with a solution. He encouraged more young men to try out and became closer to the players than any coach has. During his next season his team won only one game but Coach never gave up. He said, "Next season we're going to put everything together." This past year Coach Smilo's team won only one game but everybody saw a different Cowboy team. Not a team which would quit when they were losing, but a team who gave the opposition "Hell" from start to finish. Many coaches would quit but Coach Smilo isn't a quitter. This past year he was selected COACH OF THE YEAR by City League Coaches. To be a Coach "You've Gotta Love It." And here at Libbey, "He Loves It."

**WE'RE
CLIMBING
THE UTMOST
WAY!**

The 1974-75 version of the Cowboy J.V. team could be characterized by one word: determination. They were a team that refused to quit and fought all the way to last seconds of the City Championship game. There were many high points, but Tim Frost's jump shot with 1 second left to beat St. John's rates highest.

It was a team effort and everyone contributed. I believe these young men learned more than just basketball this year and will represent Libbey well next year as the varsity who will play one of the toughest schedules in the state of Ohio.

Coach McKee

Bernard Oliver, Co-Capt. Coach McLemore, Ken Harris, Co-Capt. STANDING: Douglas Holmes, Manager, Ricky Morris, Leland Ullis, Granvil Isom, Scott Baucom, Bryant Frazier, Mark Johnson, Douglas Smith, Raymond Sawyer, Charles McLain, James Russell, David Jones, Assistant Coach, Lionel Rayford

FRESHMEN BASKETBALL TEAM REPORT

Overall we had a win-lose record of 6 wins and 6 losses. If we had gotten a few breaks along the way maybe we would have improved our record. The main stays for the freshmen ball team were: Bernard Oliver, Ken Harris, Douglas Smith, Mark Johnson, Granvil Isom, Bobby Sawyer, Jesse Hayes, David Jones, Scott Baucom, Bruce Heard, Leland Ullis, Charles McLain, James Russell, Rickey Morris, and Bryant Frazier.

Our first game was played against Woodward. We beat them 49-31. Our next victory came against Macomber (52-50). We traveled to Central where we won 46-38. Our next game was against Cardinal Stritch. We came out on top by the score of 51-34. Our last two games were very impressive with victories over Start (51-37) and Waite (47-44).

We could have done much better if some of the players had really set their minds on basketball and grades. One thing I can say for the Freshmen Basketball team is: Time and practice will make them or break them.

-Aristotle

So live a little.

A Toledo based, multinational, billion-dollar manufacturer of packaging materials in glass, plastic and paper as well as a dynamic variety of non-packaging items for diversified markets takes this opportunity to express support for education and for the young men and women who will make tomorrow just a little bit better than today.

who needs more power plants anyhow!

You do.

If you want to use the products you own today and will own tomorrow Most are powered by electric energy

If you want to work. Every job requires the use of electricity in some form

If you want to live in a quality environment Most pollution control equipment runs on electric power

You need power plants for all your wants
